### **Waste & Our World**

Bring environmental science to life with meaningful, hands-on, waste awareness activities. Join Elizabeth Alleyne, a passionate teacher and City of Edmonton Master Composter Recycler, to explore ideas for reducing, reusing, recycling and more. Plus, learn about WORMS - nature's recyclers and leave with a kit to start vermi-composting in your classroom!

### **Wheels & Levers**

Get geared up for a workshop all about simple machines! Explore the mechanics behind everyday objects and understand how they get the job done. Daryl Chichak, a STEM specialist, principal and former Edmonton Catholic Schools science consultant, will share hands-on activities and resources to engage your students and bring confidence to your teaching.
